

The next meeting of Cultural Arts and Travel will be on March 25. Of course most of the work takes place before and after committee meetings.

The event for the OSU Center for Automotive Research Center was over-subscribed very early. Unfortunately, the event was limited to 15 at the request of the Center. Perhaps we will schedule another tour. Thirty-three people enjoyed the trip to the Underground Railroad Museum Freedom Center. And plays at the Civic theatre are likely to be a regular feature of CA programming. The Don Quixote Senior Rehearsal Ballet had 50 registrants.
